

Case# 07-CV-215

October 1, 2007
Wilmington, Delaware

Dear Judge Robinson,

Last Friday I entered a request for additional time have a lawyer represent me in my lawsuit against New Castle County. I thought I had agreed, in good faith, to be represented by a lawyer who, after receiving a retainer of \$1500. to review the merits of my position, said his firm would in deed handle my case. He requested a \$20,000. fee be paid and a nine page document be signed by me. It took over 10 days for me to liquidate over \$60,000. of stock to come up with the full amount because of a devastating "market correction!!" I brought in a signed check to cover the \$20,000. fee which was to be replenished every month so that \$20,000. was a static amount. I checked in almost daily with his office as to the status of my cleared checks, only to receive notice that he would not

represent me because I took too long to come up with
the total amount. He would not accept \$2,600
immediately and the remainder within two weeks.
Meanwhile, that left me high and dry legally.
I've contacted the Delaware Bar Association
referral service to supply me with the name
of a suitable attorney. Therefore, I need the time
extension from this court.

Thank you for the patience to
read my logbook.
